June 2010

Hometown: Scranton, PA Age: 28

College: University of Scranton

Company: First Liberty Investment Services

Job description: Financial Consultant

Hobbies: Sports, Reading, Community Activities,
Spending time with friends and family

Why you like living and working in the 570:

I spent five and a half years in Philadelphia and just returned to NEPA three months ago. Every day since my return has made me more excited about being back home. This area has so much to offer and there are so many talented people here with strong intentions to take it to the next level. The positive energy in the area is growing and I'm very optimistic about the future of the 570.

How can young professionals help improve the area?: Get involved is the easy answer to this question, but there is a lot more to it than that. Find organizations that you are passionate about and look for ways that you can add value to them. Don't get involved just to get involved. Get involved to make a difference. As young professionals, we are well positioned to learn from the more seasoned professionals and continue the momentum that they have created for the area.
